HELMETS TECHNOLOGY

PERFECT FIT

**Ergo Shape**

Optimal fit and comfort

- Optimized helmet shape which closely matches head shapes: cranial mapping to identify pressure points and homogenous contours smoothly following anatomy
- Low volume construction for lower weight and smaller volume for sleek profile
- Ergo Ride Technology

**Ergo Fit Pad**

Excellent comfort thanks to the progressive padding

- Low density open cell foam
- Soft moisture wicking fabric for enhanced moisture management and comfort
- Ergo Ride Technology

**Ergo Hold Retention System**

Optimal adjustability, comfort and head hold

- 6cm of size adjustment on the fly with the ergonomically designed, dual density high grip dial
- Integrated ergo pad for optimal comfort and moisture management
- Ergo Ride Technology
